Ashta, Sangli

Subject: Institute Visit of B.Sc III students of Rajaram College, Kolhapur

Respected Sir,

As per the MoU between our Institutes, the departments of Botany and Geology of Rajaram College, Kolhapur would like to arrange a one-day visit of B.Sc III ( Botany and Geology ) to your college campus. We request you to arrange a Hands – on – training program in "Medicinal Herbs and Minerals in Drug and Cosmetic Production". Also, the students would like to visit different departments in your institute and visit the Medicinal plant garden. Our students will benefit from this visit.

Please grant us the permission to visit your esteem institute on 29<sup>th</sup> March 2022.

Thanking You,

  
Principal  
Rajaram College,  
Kolhapur

**ACTIVITY REPORT**

**Title of Activity:** - Interdisciplinary Workshop on Ayurvedic Pharmaceutics and Staining procedures in Microbiology

**Date:** 20-03-2021

**Time:** - 9.30am to 04.30pm

**Duration:** - One day

**Venue:** - Pharmaceutics Laboratory and Microbiology Laboratory,  
Annasaheb Dange College of Pharmacy, Ashta

**Objectives of activity:-**

- To give basic knowledge regarding Ointment, Cream, Gels and Emulsions
- To prepare some Formulations for External Application
- To understand various techniques regarding manufacturing of External application medicines
- To give basic knowledge about staining procedures
- To demonstrate various staining methods

**Description:-**

---

One day Interdisciplinary Workshop on Ayurvedic Pharmaceutics and Staining procedures in Microbiology was organized by Department of Rasashastra and Bhaishajyakalpana, Department of Rognidan of our college in collaboration with Department of Pharmaceutics, Department of Microbiology Annasaheb Dange College of Pharmacy, Ashta

Total 80 II year BAMS students and 22 Teaching and Nonteaching staff members participated in this workshop. In this workshop general information was given regarding formulations required for external application. Practical demonstration was done for these preparations. Students learnt about manufacturing of Ointment, Cream, Gel and Emulsion.

The detailed information about various staining techniques was given by eminent faculty members. Demonstration of simple stain methods , Gram positive and Gram negative microorganisms was given to the students.

Feedback taken: - Yes

---

**Outcome of event:-**

This workshop was helpful for participants in understanding concepts of External application products and able to see the actual preparation of these medicines. This workshop was helpful for students to understand various staining procedures.
