ACTIVITY REPORT

"Bio-Medical Waste Management Training Programme"

Dept.: Hospital

Title of Activity: "Bio-Medical Waste Management Training Programme"

Date: 07 January 2022

Coordinator: Dr. Vijaymala Chougule

Time: 12.30 pm to 2.00 pm

Duration: One Day

Venue: Pathology Department,
Hon. Shri. Annasaheb Dange Ayurved Medical College, Dhanvantari Hospital Ashta

Objectives of event / activity:

1. To create awareness about biomedical waste management.
2. To protect the risk of spreading diseases
3. To provide environment-friendly waste management solutions.
4. To promote the quality and sustainability of the environment

Description:

With Principal Permission there was a Bio- Medical Waste management training arranged by Dr. Vijaymala Chougule as a part of faculty development programme.

Welcome of faculty and explain the objective of Training Programme done by Dr. Vedashri Kalawade On the following points the discussion was taken out as follows,

Generation

- Segregation/separation
- Collection
- Transportation, storage
- Treatment
- Final disposal

After this session hands on training was given to the medical staff

Dr. Vedashri Kalawade was given the vote of thanks & with group photograph session was ended.

Outcome:-

- Medico Staff was aware about the Bio-Medical Waste Management
- Medico staff learn about Bio-Medical Waste Management

Feedback:-

Feedback was taken and faculties are appreciated the session

SOP OF BIO MEDICAL WASTE

Title: Segregation of Waste **Objective:** Segregation of Bio-medical waste as per guidelines.

Job Responsibility: Doctors, Nurses, Technicians, GDA, all employees handling BMW.

Description:

1. No untreated bio-medical waste shall be mixed with other wastes.
2. The bio-medical waste shall be segregated as per categories applicable, into containers or bags at the point of generation e.g., all patient care activity areas, diagnostic service areas, operation theatre areas, treatment rooms etc. prior to its storage, transportation, treatment and disposal.
3. Containers and bags are labelled with relevant bio-hazard symbol (Annexure 1)
4. Waste is segregated into colour coded bags as specified.
5. Bins used for holding the colour coded bags should be of the same colour. In case a bin of the same colour is not available due to some reason, a neutral colour bin may be used with a prominent sticker of the colour of the bag pasted on the lid and/or body.
6. The size of the sticker must be approximately of half the size of the lid of the bin. All bags, containers or bins directly used in the collection of bio-medical wastes are labelled with appropriate Hazard Symbol (Annexure 1)
7. The labelling of the waste at the point of generation is in the form of a tag or adhesive label which is to be attached to the bag or container when it is collected by the civaning staff (Annexure 2). This waste tagging system allows waste audits conducted at treatment

Disposal points to identify areas that are in compliance Title: Waste Removal & Transportation

Objective: Waste removal & transportation to minimize the risk of any Infection

Job Responsibility: Housekeeping staff

Description:

1. The staff handling waste must use PPE.
2. The bags must be removed when 4th full, if not earlier.
3. The waste bag is tied up & transferred to the temporary storage area on the same floor (e.g. Dirty Utility) carefully, without any spillage. In the temporary storage area these bags may be put in a larger bag of the same colour with an appropriate label. The label must at least contain the following information

Date

Area/Floor/Unit

Shift

4. The garbage is temporarily stored in the respective bag as per colour coding.
5. At shift end garbage from every floor is transported by designated trolley to central waste collection area.
6. The waste movement is to be done through a designated lift. No other material/Patient should be allowed with the Bio-Medical waste in the same lift
7. The housekeeping staff to ensure that all bags are tied when being transported & there is no spillage or leakage.
8. In case any bags has a cut or tear, ensure that double bagging is done Before moving it.
9. In case of spill, refer to Infection Control Policy of the hospital.

Title: Treatment and Disposal

Objective: To Pre-Treat Chemical liquid waste, Microbiology waste & Other Lab waste, including Blood Bags

Job Responsibility: Lab Staff, Blood Bank Staff, Engineering, Housekeeping & Security

Description:

1. Bio-medical waste shall be pre-treated and disposed of in accordance with Table I, and in compliance with the standards provided in Annexure 3, by the health care facilities
2. Occupier shall hand over segregated waste as per the Table I to common bio medical waste treatment facility for treatment, processing and final disposal: Provided that the lab and highly infectious bio medical waste generated shall be pre-treated by equipment like auto clave or microwave.
3. No occupier shall establish on-site treatment and disposal facility, if a service of common bio-medical
4. Any person including an occupier or operator of a common bio medical waste treatment facility, intending to use new technologies for treatment of bio medical waste other than those listed in Schedule I shall request the Central Government for laying down the standards or operating parameters.
5. Every occupier shall phase out use of non-chlorinated plastic bags within two years from the date of publication of Bio-Medical Waste Management Rules, 2016 (i. e. latest by 27th March 2018) and thereafter, the chlorinated plastic bags shall not be used for storing and transporting of bio-medical waste and the bags used for storing and transporting biomedical waste shall be in compliance with the Bureau of Indian Standards. Till the Standards are published, the carry bags shall be as per the Plastic Waste Management Rules, 2011.
6. After ensuring treatment by autoclaving or microwaving followed by mutilation or shredding, whichever is applicable, the recyclables from the treated bio-medical wastes such as plastics and glass shall be given to such recyclers having valid authorisation or registration from the Respective prescribed authority.
