PROFESSIONAL ETHICS

Course Code: 3213 -V-III

ABOUT US

Hon. Shri Annasaheb Dange Ayurved Medical College, PG & Research Center and Dhanwantari Hospital Ashta, Tal. Walwa, Dist. Sangli Maharashtra, India was established in the year 1999 with permission from the Government of Maharashtra, Central Council of Indian Medicine [C.C.I.M.] and Dept of AYUSH, Ministry of health and family welfare New Delhi, India.

Introduction:

Courses in medical ethics are frequently offered as part of a continuing education certificate for physicians and other medical professionals. Classes in this field are also available for masters, bachelors and associate degree seeking- students undertaking a health related program.

Generally, these courses are part of a broader medical degree at the master's, bachelor's and associate's levels, or may be a part of certificate program. Topics of study include the ethics of end-of-life care, philosophy of ethics and the history of medical ethics. This Course is Conducted by dept. of Agadtantra of our College

Vision

Create Professionals who work with ethics to make a better world .

Mission

Empower Professionals to Develop Talent in the Workplace. The code of Ethics is the public declaration of talent development professionals' obligations to themselves, their profession, and society.

OBJECTIVES OF THE COURSE:

- To inculcate Ethics and Human Values into the young minds.
- To develop moral responsibility and mould them as best professionals.
- To create ethical vision and achieve harmony in life.
- The Doctor-Patient relationship is a specially privileged relationship in our society. As a result, physicians are afforded access to information and confidences by patients that are not available to anyone else. Along with this privilege comes a series of professional responsibilities for physicians. More is expected of physicians than from most other professionals in our society.

COURSE OUTCOME:

- By the end of the course student should be able to understand the importance of ethics and values in life and society.
- Having studied the program, you will emerge with an understanding of medico-legal issues not just in the legal context, but with a sound grounding in ethics, social and theoretical contexts.
- Program will offer learning opportunities for health professionals to help them provide the highest value of care to their patients. These learning opportunities will be designed to help health professionals increase knowledge, competence and performance, with the intended result of improving patient care and the overall health of the community.

ABOUT US

Hon. Shri Annasaheb Dange Ayurved Medical College and PG Research Center and Dhanwantari Hospital Ashta, Tal. Walwa, Dist. Sangli Maharashtra, India was established in the year 1999 with permission from the Government of Maharashtra, Central Council of Indian Medicine [C.C.I.M.] and Dept of AYUSH, Ministry of health and family welfare New Delhi, India.

VISION

Institute aspires to be world class to generate & sustain excellence in ayurvedic education and research in a supportive and stimulating academic environment. High quality research activity will be proposed in focused areas, with particular reference to research priorities of institute and public health problems. The institute will be a leader in transforming the health of communities through its purposeful integration of education, research and clinical care with compassion and highest ethical values.

MISSION

Institute provide the students a high academic potential with the ayurvedic Medical education of exceptional quality and prepare a physicians and other health care professionals to serve the humanity.

CPR COURSE

The Certified First Aid Professionals course of training held at our centre under the Kayachukitsa Dept of our College.

Heart attacks are the leading cause of deaths in the India. As per the statistics, one-fifth of the deaths in India are from Coronary Heart Disease. By the year 2020, it will account for one-third of all the deaths in the country. There is an estimate of 45 million Coronary Artery Disease in India. With an increasing number of young Indians hooked to roller-coaster lifestyle are falling prey to coronary artery disease & the future looks grimmer.

There is a huge need for Nurses, Paramedics, Doctors, First Responders and even general public to be aware of identifying the symptoms of the cardiac arrest and how to act in case of an emergency. When people around you are in need of someone to rescue them, you need to have the skills to help them instantaneously. You are the difference between life and death. CPR is an important skill for preserving the life of a victim until they are able to receive better treatment, such as blood circulation.

COURSE OUTCOMES

Course is designed to provide the ability to recognize several life-threatening emergencies, provide CPR, use an AED, and relieve choking in a safe, timely and effective manner. To empower health care providers & community to save lives Deliver protocol based training in Emergency medical Services and trauma care to healthcare providers. Effective networking for disaster awareness.

Certificate Course in Pregnancy - Nutrition, Dietetics, and Ayurvedic Pharmaceutics

**Hon. Shri. Annasaheb Dange Ayurved Medical
College
& Post Graduate Research Center, Ashta**

**Department of
Prasutitantra
Striroga**

Introduction

The certificate in nutrition for pregnancy and post care focus on the fundamentals of managing nutritional needs and challenges during pregnancy.

women life. It is important to fulfil the nutrition. Pregnancy is a beautiful and significant phase of a woman's life as well as growing fetus. Nutrients play an essential role in the development of infants.

This course will help you in understanding the requirement of various macro and micro nutrients during pregnancy and how it will affect the mother and unborn child.

We will look at how a healthy diet and lifestyle should ideally be achieved prior to conception and provide recommendations for pre-conceptional counselling of women.

We will also look at nutrient recommendations for a healthy pregnancy to ensure optimal maternal and fetal outcome as well as focus on most common nutrition-related pregnancy complications; obesity and gestational diabetes.

Certificate Course in Pregnancy - Nutrition, Dietetics, and Ayurvedic Pharmaceutics

Permission Letter

To,

Principal,

Hon. Shri. Annasaheb Dange Ayurved Medical College,

Post Graduate Research Center Ashta, 416-301.

Applicant: Department of Shalakya tantra

Subject: About the permission for value added Certificate course in Netra Tarpan Kriyakalpa for 4th year students.

Respected Sir,

In our College Shalakya tantra department wish to organize Certificate course for 4th year students in Netra Tarpan from August 2018 onwards. This course will enhance their practical skills in Ayurveda and provide valuable insights into holistic eye care.

The course will be conducted by experienced professionals over 2 months and will complement and add value in our existing curriculum. The students are committed to fulfill their academic responsibilities along with the course requirements.

We believe this opportunity alligns well with our educational goals and kindly ask for your approval to proceed.

Thanking You.
