

## CRITERIA VII: INSTITUTIONAL VALUES AND BEST PRACTICES

### Key Indicator 7.1-Institutional Values and Social Responsibilities

#### ENVIRONMENTAL CONSCIOUSNESS AND SUSTAINABILITY

**7.1.3: The Institution has following facilities for alternate sources of energy and energy conservation measures.**

1. Various measures have been taken during the constructions for conserving energy, energy metering and monitoring by adopting “Green Campus” concept.
2. All buildings have standard sized windows and doors for good ventilation and lighting.
3. All the rooms have instruction boards to switch off fans, lights, AC and computer terminals when not in use.
4. The institute has employed energy saving methods such as using CFLs or LEDs for Lighting.
5. There are 5-star or 3-star rated electrical appliances installed to reduce energy consumption.
6. The campus has alternative energy sources like solar panels –solar street lamps at multiple places. Solar water heaters are available in girls and boys hostel and hospital.
7. Computers and other equipment are often put on power-saving modes when not in use.
8. College authorities advised to minimize elevator use and promote the use of stairs for further energy reduction.
9. Switch off drills through green club members conducted to promote energy conservation.
10. ISO Environmental Certification Done. Institute has made own Environmental policy and environmental awareness signposts are displayed in the campus.
